NEOM is a bold and audacious dream. It is a vision of what a New Future might look like (in fact, NEOM means, 'New Future'). It's an attempt to do something that's never been done before and it comes at a time when the world needs fresh thinking and new solutions.

NEOM is being built on the Red Sea in northwest Saudi Arabia as a living laboratory – a place where entrepreneurship and innovation will chart the course for this New Future. NEOM will be a destination, a home for people who dream big and want to be part of building a new model for sustainable living, working and prospering. We welcome you to be a part of this historic and monumental undertaking!

WELCOME TO YOUR NEW HOME!
